

# Waterloo County Steam-Threshers's Reunion Inc.

## News Update

### Tractor Pull

For 2013, the Waterloo County Steam-Threshers' Reunion will have a tractor pull. This will be a non-sanctioned pull for demonstration only. Instead of a weight transfer machine as currently being used, tractors will pull a "stone boat" loaded with weights. Event will only be open to tractors registered for the show. All tractors must be strictly stock. Waterloo County Steam-Threshers' reserve the right to determine tractor eligibility. Rules to be posted soon.
